MEMORANDUM FOR: Director of Central Intelligence

VIA : Deputy Director of Central Intelligence

FROM :

SUBJECT : Preparations for HPSCI Wilson-Terpil Hearings

I received a copy of [redacted] 6 January memorandum to you (attached). Subsequently, I have contacted Billy, Chuck Briggs, Stan Sporkin, and John Stein to determine what materials should be provided you and when.

It seems to me that your package should consist of four elements: a) your opening statement; b) Q's & A's; c) the chronology; d) details of the principal players. I will have such a package ready for your review on Friday, the 22nd of January.

I have asked Stan Sporkin to draft your opening statement based on an earlier statement prepared for you for presentation to Mr. Boland and which was subsequently modified for Admiral Inman's use with the SSCI. I would envision that this statement would provide an overview touching on all areas of concern, but would leave the more detailed presentation to Admiral Inman because of his experience in ONI and Chuck Briggs.

As far as the Q's and A's, both Chuck Briggs' and Stan Sporkin's people will be pulling these together for you. I understand that Admiral Inman and Chuck Briggs will be seeing Tom Latimer this week. I hope that we will get a clearer understanding of what is likely to come up during the hearings from those discussions. Chuck Briggs' people also will provide the detailed chronology of this case and background data on the principal players.

As far as schedule is concerned, you are now on for 2 February. Therefore, if I can get you the material by the weekend of 23-24 January, I believe we would have time the following week to revise any of the materials prior to 2 February. I will make sure that all concerned have an opportunity to review in particular the draft opening statement and the Q's and A's.

Handwritten notes:
 [redacted] told
 The IG will brief
 The DCI on 16 Jan;
 that Annual Council
 was running the
 legal aspects and
 that
 will return the
 25th of Jan
 brief the DCI
 for 2 Feb
 session with
 HPSCI.

Handwritten note:
 including
 3b. of
 ref. memo
 Kit
